Homework #0
Due —

1. See Serge Belongie’s CSE252B: Computer Vision II at UCSD for a basic Matlab tutorial
   http://cseweb.ucsd.edu/~sjb/classes/matlab/matlab.intro.html

2. You will need to become familiar with Matlab’s image processing toolbox. Complete the two tutorials in the Getting Started section.
   The full documentation for the toolbox can be found here:
